AKVIS PASTEL 3.0: INSTANT ABSTRACT PAINTINGS FROM YOUR PHOTOS!

February 15, 2017 — AKVIS announces the update of AKVIS Pastel to version 3.0. The software turns digital images into lifelike pastel paintings. Version 3.0 enhances its functionality with the new Abstract Art tab, additional built-in presets, and other changes including full compatibility with CC 2017.

AKVIS is pleased to announce the release of **AKVIS Pastel 3.0**, the leading software for conversion of photos into wonderful pastel paintings. The software allows simulating different types of pastel: from hard to soft including oil, crayon, and pastel pencils. The program is designed to be fast and easy-to-use, even for novices. Using the built-in library of textures and picture frames, you can easily enrich the appearance of the resulting masterpiece. Take a fresh look at your photographs and spark your creativity!

Version 3.0 gives you even more creative freedom taking your digital art to the next level. Pastel 3.0 offers the new *Abstract Art* tab with a number of adjustable parameters that let you create captivating abstract paintings from photos. New ready-to-use presets help you start working and learn how to apply the effect. Additionally, the software is now fully compatible with Photoshop CC 2017.

In Version 3.0:
- **Abstract Art**
  Using the new *Abstract Art* tab you can create colorful pastel abstracts with a few mouse clicks! New parameters allow you to change the shape and color of objects, giving them a unique and fantastic look.
- **New AKVIS Presets**
  The program comes with new built-in presets showcasing vivid colors and uncommon shapes of abstract painting.
- **Full Compatibility with CC 2017**
  The plugin version is fully compatible with Photoshop CC 2017.
- **And other changes.**
