

NEW SKETCH PACK: INSPIRING COLLECTION OF CREATIVE PICTURE FRAMES

July 11, 2017 — AKVIS announces the release of the new Sketch pack that includes 100 picture frames created by professional artists. The brand new collection is intended for creative-minded persons and everybody interested in drawing and painting.

AKVIS is happy to introduce the brand new **Sketch Pack** for **AKVIS Frames** and **AKVIS ArtSuite**. The frame collection includes 100 picture frames: 50 vertical and 50 horizontal templates.

Sketching is a visual language understood by everyone, a way of expressing thoughts and emotions beyond words. Drawing allows us to see the world with fresh eyes and expand our mind by materializing the feelings on the paper. Who can resist the opportunity to observe an artist at work? The rapidly and seemingly effortlessly created freehand drawings make us re-imagine everyday objects and surroundings in a whole new light!

The **Sketch Pack** by AKVIS takes you into the exciting world of sketch art! The unique picture frames decorated with doodle and comics elements, graffiti, patterns, pen and pencil drawings as well as different drawing tools will add a touch of creativity to any photo.

Create your own art book in one click! Feel like an artist, embellish your photos of memorable events and share them with friends!

See the frame miniatures at akvis.com.

Besides the [Hobbies and Interests](#) category, AKVIS also offers a number of other [themed collections](#): [Holidays and Events](#), [Countries](#), [Four Seasons](#), etc. The frame packs have a broad application spectrum and meet the needs of both professional designers and amateurs.

To use AKVIS frame packs, you need to have installed one of following programs: **AKVIS Frames** (available for free) or **AKVIS ArtSuite** (10-day free trial download).

The AKVIS products run on Windows XP, Vista, 7, 8, 8.1, 10; and on Mac OS X 10.7-10.11 and macOS 10.12.

The new **Sketch Pack** sells for \$17.

AKVIS (akvis.com) specializes in development of image and video processing software. Since the company's launch in 2004, it has released a number of successful products for Windows and Mac.
