Thousands of colors fill our world. Their meanings vary from culture to culture but some similarities also exist. Red symbolizes passion, energy, and courage. Pink signifies femininity and romance. Yellow stands for sunshine, light, and warmth. Orange combines the energy of red and the happiness of yellow and is reminiscent of autumn harvest. Blue is the color of water and the sky and symbolizes confidence and harmony. Green conveys nature and life. Purple represents royalty and aristocracy. White stands for peace, purity, and innocence. Black is associated with elegance, power and mystery.

Use these bright picture frames by AKVIS to decorate your photos! Each frame represents a certain color: vivid red and solar yellow, rich magenta and flaming orange, emerald green and cobalt blue, royal purple and vibrant aquamarine, smoky gray and midnight black. Make your photos extra-colorful!
