Get Back to Nature with Wildlife Frame Pack by AKVIS!

October 29, 2019 — AKVIS announces the launch of the brand new Wildlife Pack, a picture frame collection to beautify photographs. The set offers 100 ready-to-use templates inspired by forest walks, camping holidays, and outdoor adventuring.

The **Wildlife Pack** just released by AKVIS includes 100 picture frames of excellent quality, 50 horizontal and 50 vertical templates, meeting the high requirements of professionals and tastes of real aesthetes. The ready-made frames are carefully designed by graphic artists specially for AKVIS to ensure maximum user-friendliness.

Forest is the perfect place to find peace and inspiration, no matter the season! It offers a variety of outdoor activities: whether you want to go for a leisurely stroll, relax with a picnic beside the river, watch woodland wildlife or enjoy camping, fishing, hiking, swimming, boating, canoeing, kayaking... There's nothing better than sitting around a campfire, roasting sausages and marshmallows, playing guitar and singing camp songs or telling spooky ghost stories.

Use the **Wildlife Pack** by AKVIS to add that lively flash of adventure to your outdoor shots and family holiday photos. The ready-to-use templates are decorated with images of forest birds, animals, plants as well as tents, inflatable boats, fishing rods, and other tourist equipment. Discover the secrets of the forest!

See the new frames and other frame collections at akvis.com.

AKVIS offers a wide range of themed frame packs divided into different categories: Hobbies & Interests, Styles & Trends, Holidays & Events, Four Seasons, Family, Countries, and Free Frames.

The AKVIS frame collections can be used with the AKVIS Frames freeware and AKVIS ArtSuite program, on Windows 7, 8, 8.1, 10 - 32/64-bit, and Mac OS X 10.10-10.11, macOS 10.12-10.15 - 64-bit.

The new picture frame pack sells for $17.00. For more information, explore the official website akvis.com.

AKVIS (akvis.com) specializes in the development of image and video processing software. Since the company's launch in 2004, it has released a number of successful products for Windows and Mac.
