

NEW PICTURE FRAMES FOR YOUR SCHOOL PHOTOS! AKVIS ARTSUITE SCHOOL PACK

April 27, 2015 — AKVIS announces a new frame pack for AKVIS ArtSuite. Extra frame packs can be installed to the program to increase its functionality. The new School Pack includes 50 high quality frame designs. Keep your memories alive!

AKVIS ArtSuite is an impressive collection of versatile frames and effects for your photo. Thanks to the large number of effects and a rich pattern library, the software can generate an endless variety of effect versions. With the program you can quickly and easily decorate your photos!

It's possible to add extra themed frame packs to the program to increase its functionality. The ready-to-use photo frames save you time and efforts and grant professional quality results.

With the release of the new set, [20 themed packs](#) are now available for ArtSuite!

The new **School Pack** includes 50 excellent high quality picture frames for your school photos!

Each family archive has school photos. These shots represent precious memories of your first teacher, of all successes and disappointments, of the best friends and the first love... all special moments of your school life!

With these new excellent frames you can easily create beautifully decorated pictures. You can arrange junior and senior photos, make a great gift for a teacher, or prepare an invitation to a meeting of graduates.

The bright ready-to-use frames are suitable for decoration of both individual and group portraits; all of them are designed for a landscape format and all together compose a wonderful photo book.

Note that the frame packs can only be used in the AKVIS ArtSuite Standalone program. To add a frame pack to ArtSuite, just copy it into a folder selected in the program's preferences.

AKVIS ArtSuite, with all its frame packs, runs on Windows XP/Vista/Win 7/Win 8 and on Mac OS X 10.6-10.10. The program is available for the [10-day trial period](#) free of charge.

The ArtSuite Standalone Application sells for \$69; the price of the new frame pack is \$15.

AKVIS (akvis.com) specializes in development of image processing software. Since the company's launch in 2004, it has released a number of successful products: standalone applications and Photoshop plugins for Windows and Mac.
